Greetings,

Thank you for caring about the future of the Jamestown Mall Development and committing to take this journey with us. Your engagement will make all the difference. This website was created with our community as the priority. It is a one-stop-shop about everything Jamestown Mall Development from the historical background to the future progress of its transformation. You can find it all here.

Thank you to the planning department team members Gail Choate and Melissa Wilson as well as the IT team of Charles Henderson and Will Reise. I personally want to thank each of your because you diligently worked with our office to ensure this website cared about our district. This has been long overdue District 4 and I am so glad that we are here at this time together. It is our season!

Sincerely,

A handwritten signature in cursive script that reads "Shalonda D. Webb".
